JACK CLARKE

*Class of 2022
Edmonton, AB*

My name is Jack Clarke and I am from Edmonton Alberta, Canada. I will graduate high school in 2022 and my goal is to excel as a student-athlete; playing hockey at an NCAA Division 1 school while obtaining a degree in Biology. I continue to set ambitious goals for myself and work as hard as I can to achieve them. Hokey has already given me so much and I am hungry for more. I want to play elite hockey in an electric NCAA atmosphere.

I am a right-shot, playmaking forward that plays just as hard in my own end as I do when we are on the offensive. Last year, I was co-captain of my U16AAA team. My coaches describe me as a hard working, humble player with great character. Hockey has imparted me with many values that I use in my everyday life. It has taught me time management, strong work ethic, perseverance, teamwork, and leadership. Hockey has also taught me to respect everyone around me, but the underlying takeaway from hockey is commitment.

I am committed to continually improving myself, my game, and my academics. When the season ends, I am committed to training and putting everything I have into improving for the next season. Then under the direction of the coaches and staff, push myself to be the best teammate, player, and person I can be.

If considered for your team I will commit myself 100% to the team, my academics, the school, and overall continual improvement. I will be an ambassador for the team and school and will not disappoint on or off the ice. I will be honoured to play for the university and you can trust that you will be proud of me as both a person and player.

Thank you in advance for your time and consideration.

Sincerely,

Jack Clarke

Testimonials

- "The smartest guy on the ice, if not the entire league." Spruce Grove Saints (AJHL) head Scout, Jan 2020
- "200 ft player who looks after his own end of the ice, supports puck in all three zone." AJHL Regional Scout, Jan 2020
- "Playmaker with poise. Controls the play. Team's quarterback."
- "Makes the players around him better."
- "Knows where to be on the ice."
- "Great hockey IQ, great vision, sees the ice really well"
- "Excellent leadership maturity on and off the ice"
- "Someone to be trusted to play responsibly while putting up points"
- "Excellent hockey sense"
- "Willing to go to the corners and in front of the net"
